- **Deloitte Australia** - Data Analytics Simulation: Performed data analysis and built insights using tools aligned with Deloitte's analytics practice.

TECHNICAL SKILLS

Languages & Querying: Python, JavaScript, HTML/CSS

Data Science & ML: Pandas

AI & Agentic Systems: Model Context Protocol (MCP), Agentic AI Development, LLM integration

Web & Frontend: CSS, JavaScript

Cloud & DevOps: Git, GitHub, Linux, basic DevOps workflows

Finance & Markets: Quantitative analysis, ETF & multi-asset trading, market microstructure

Other: Cybersecurity (OSINT, Cisco certified), Digital Advertising (Google Ads, Meta Ads, GA4)

CERTIFICATIONS

- **Introduction to Model Context Protocol (MCP)** - Anthropic / Official MCP

- **Introduction to Cybersecurity** - Cisco Networking Academy
- **Goldman Sachs Risk Job Simulation** - Forage
- **Deloitte Australia Data Analytics Job Simulation** - Forage

ACHIEVEMENTS & EXTRACURRICULARS

- **IIT Madras BS Data Science & Applications entrance exam - an internationally competitive qualifier open to students across the world**
- **CoDev (Techblock), the official coding club under IIT Madras Tech Society, scaling it to 650+ active members within 2 years**
- **GMT Intelligence — an invite-only expert community bridging Tech and Cybersecurity professionals across specialisations**
- **personal portfolio website (shreetesh.me) showcasing work at the intersection of Data Science, Finance, and AI.**
- **Goldman Sachs, JPMorgan Chase, and Deloitte Australia via Forage, gaining exposure to industry workflows in risk, technology, and analytics.** job simulations
- **equities, ETFs, forex, and gold on NSE India - applying quantitative and data-driven analysis to real capital markets**
- **English (Professional), Hindi & Marathi (Native).**
